

Plant a bee-friendly garden: no chemicals!

Unplug electronics and use LED bulbs

## 6 Tips for Eco-Living

Every day we make choices that affect our health, our community, other species and the Earth. Why not try a few of these easy, eco-friendly choices, for a change?

Keep a compost bin and recycle the rest

Use cotton or hemp bags and buy in bulk

Eat plant-based and sustainably sourced

Use stainless or glass water bottles
